

## CHAPTER VI

### CONCLUSION AND SUGGESTION

This chapter presents conclusion and provides the suggestion concerning on analyzing social values in Zootopia movie.

#### A. Conclusion

Movie is close with the real life. Even, the story of the movie is inspired from the real life. The creators only need some of touching to make the movie more interesting. Sometime, some people imitate everything in the movie, life style perhaps. Then, every movie will be added some social values or education that can be reached. From that case, the creators can persuade society to imitate the positive things that appear in the movie. In other words, movie has some values that can be found, such as social values. The viewers or the students who watch the movie, will know kinds of social values. Then, they can implement the social values that they get from the movie. Actually, someone can get education from everywhere, one of them from movie. It means, social values that they get can educate the students or viewers to be better people and they can put themselves wherever they are.

After analyze the data, the researcher makes conclusion as follows: there are four social values that be found in Zootopia movie: Honesty, Sedulity, Helpfulness, and Modesty. There are 12 dialogues that including in

honesty, 4 dialogues that including in sedulity, 6 dialogues that including in helpfulness and 8 dialogues that including in modesty.

Honesty can be shown by saying the truth of the words, honesty in action or deed, honesty in work an honesty in desire. Then, sedulity is consistent to be a responsible person and face every new challenging. The third social value is helpfulness, as human social, we need each other. To have a good relation with others, we have to realize what people need and feel and we can help others without asking the reward. The last, modesty can be done by appreciating people's achievement and respect what other people choice.

## **B. Suggestion**

Zootopia movie is an interesting movie and educating movie. There some values that can be found in this movie. After get the result of the analysis, the researcher wants to give some suggestions:

1. For students, it is hoped that this study can give knowledge about social values which can be found in movie. After read this study, it is expected that the students can understand more about social values that can be gotten and found in daily life.
2. For parents or teachers, it is expected that they can teach social values to their students or their children by using movie. Movie is one ways to teach values, because movie is similar with real life.

3. For future researchers, this study can be their reference for conduct the similar study. Perhaps, they can conduct or analyze different values in the same movie or analyze different values in different movie.
