

## **CHAPTER V**

### **CONCLUSION AND SUGGESTION**

In this chapter, the researcher presents the conclusion and the suggestion from this study.

#### **A. Conclusion**

The conclusion answers the research objective. This research has proven whether using word wall media is an effective in teaching regular and irregular verb of eighth graders students of MTs Ma'arif Udanawu Blitar.

Then, it can be stated whether there is a significant difference on students' pre-test mean score and post test mean score before and after being taught using word wall media. Besides, the mean of pre-test score before taught using word wall media is 61.18, meanwhile ,the mean of post-test score after being taught using word wall media is 84.34. It means that word wall media for teaching regular and irregular verb is proved to be effective and the students get good regular and irregular verb.

## **B. Suggestion**

Based on the result of the research, then the researcher suggests to the English teacher and future researchers as below :

### **1. The English teacher**

The English teacher should give interesting media to the students, so his/her students will enjoy and be more interest to learn English. If the teacher can make the student interest in teaching learning process the students will not bored. By using interesting media, they will be easy to improve their regular and irregular verb and also easy to express their idea. The English teacher should select media that are not only interesting but also appropriate with the subject and student's needs. He/ she can use word wall as an alternative media to teach regular and irregular verb.

### **2. Future Researchers**

And for the further researcher, it is expected that the result of this study can be used as reference to conduct a further research that is related with word wall as media.
