Dear Editor,

I have sent a revised Result of 1st Review

Thank you

Dear Author,

Thank you for doing corrections on your paper.

Your article's Revised version has been reviewed (4th time) again by our experts and it still needs **Minor CORRECTIONS**.

***Here is the main points in Result of 4th Review on your paper :**

1. You have to divide your Theoretical Foundation part with relevant the sub-titles (As it was before) . Only add a section " Conceptual Framework " and explain how it is developed? Also add the study's 3 Hypothesis and elaborate on their development .
2. Also add samples information on age, gender, academic qualifications, years of service, etc. as analysis and Table.
3. Correct Reference list with adding the Abreviation of Authors' first name . For example:

Amirullah ?? & Boediono, H. (2004). *Introduction to Management*,
Yogyakarta: Graha Ilmu

** The abbreviation of first name for Boediono is "H", but the abbreviation of first name for Amirullah is missing !!!

- The paper NEEDS English editing. There are many sentences that have not proper meaning.

pls, **do follow the above detailed comments one by one** and send your **FINAL REVISED VERSION** Not later than 25 September 2019 with **highlighting** the corrections .

*****IMPORTANT NOTE:**

1. Checking the REVISED paper carefully and re-review each paper takes a long time for our Reviewers. We provided very clear , step by step and detailed instructions to Revise your paper properly. Therefore, **we expect you to REVISE your paper based on the comments given .**

2. Revised papers only will be published, if they follow ALL THE PROVIDED (DETAILED) COMMENTS, properly! If Not, they will be **REJECTED** at any time or any round of revision.

3. Again, we **strongly believe that your** paper **MUST** go through Proper English editing and proof Reading service. You are required to send your paper for English editing before re-submission of 4th Revision.

Looking forward to receive your REVISED version as soon as possible.

Thank you

Important Note:

Please, reply to this email as the confirmation on receiving our message and do confirm that you are willing to do the REVISION based on the due date (23 September) .

Best Regards
