

## **CHAPTER VI**

### **CONCLUSION AND SUGGESTION**

This chapter presents conclusion and suggestion concerning with the result of the study. Based on the findings and discussion as presented in the previous chapter the researcher gets conclusion as follow:

#### **A. Conclusion**

The researcher arrived at the conclusion after analyzing and interpreting at the obtained data in the previous chapter. The conclusion drawn based on the formulated research question, while suggestion intended to give information to the next researchers who would be interested in doing similar research.

There are five types of deixis found from Scar and Simba as the main characters in Lion King movie and Woody and Buzz as the main characters in Toy Story movie. They are person, time, place, discourse, and social deixis. Here are the types of deictic expressions used :

- a. 221 person deixis
- b. 16 time deixis
- c. 31 place deixis
- d. 33 discourse deixis
- e. 25 social deixis

The most dominant of deictic expression used by the main characters in Lion King and Toy Story movie script is “I” which includes in first singular person deixis. Finally, the most dominant reference in the deictic expressions used the main characters in Lion King and Toy Story movie is the speaker herself.

In the case of person deixis which is discussed in this research, the data finds the complete person deixis namely, first person deixis and second person deixis. Person deixis used when the sender wants to explore the inspiration to the addressee. Time deixis is appeared to point the period of time when the utterance is produced by the speaker and even occurs. Then, the place deixis used to indicate to certain location of participant in a speech event. The discourse deixis found not in the sentence which is spoken but to the purpose behind of the statement made by speaker or writer to utter that sentence. There will be a need of hard interpretation to get the meant purpose by the writer or speaker. And the last is social deixis is expressed on the social status which is included into relational

social deixis, social status and social characteristic which is incorporated into absolute social deixis of the reference.

## **B. Suggestion**

After getting the result of the analysis, the researcher would like to give some suggestion as considerations which are important for the students, teacher and the next researcher.

1. For students

The students of pragmatics may use this study as a reference to understand the relevance of pragmatics and how it is applied in the daily life especially about deictic expression.

2. For the Teacher

The teacher can employ this study as the authentic material in their teaching.

3. For the next researcher

This study is still needed improvement in some parts of analysis. The future researcher who wants to conduct the research in the same discipline can take the information of this research to get the better research.
