

## CHAPTER VI

### CONCLUSION AND SUGGESTION

This chapter presents the conclusion and suggestion dealing with the finding and discussion as presented in the previous chapter of the research

#### **A. Conclusion**

Concerning with the result of the finding and discussion of the study, it can be concluded that good EFL learners' motivation was derived from intrinsic and extrinsic motivation.

The learners have intrinsic motivation, because they are enjoy the speaking activities. They are creates good behavior and have specific purpose as their interest in speaking activities. The learners also have extrinsic motivation in speaking, because they have some goals to achieve something not for the enjoyment, but because other factors such as to get a scholarship, to be a professional businessman and to get the best job opportunities.

The good EFL learners' motivation in speaking English at English Department of IAIN Tulungagung is the combination of intrinsic and extrinsic motivation.

## **B. Suggestion**

Based on the result of the research findings, the writer would like to give some suggestions:

1. For the Students

It is suggested to being enjoy in speaking activities that would be possibly make the inner motivation from themselves. It is also advisable for students to plan their aim of learning speaking for better speaking ability.

2. For the Other Researchers

The other researcher who want to conduct the similar research related to the good EFL learners' motivation in speaking English, the result of this research can be used as additional reference, it is able to make the future research better.
