

ABSTRACT

Novia, Dea . Student Registered Number. 1723143030. 2019. *A Corpus Analysis of The Most Frequently Used Nouns in the English in Focus for Junior High School.* Sarjana Thesis. English Education Department. Faculty of Tarbiyah and Teacher Training. State Islamic Institute (IAIN) Tulungagung. Advisor: Muh. Basuni, M.Pd.

Keywords: course book, Frequency, Corpus, Nouns

One of the important keys in learning English is through acquiring vocabulary from the course books. One of the ways to validate vocabulary coverage and word frequency in the course book is analysis the vocabulary with corpus. The corpus words were selected to represent the most frequent words of English and were taken from a corpus of written English.

The question that formulated by the researcher is “What are the most frequently used nouns in the course book in the junior high Scholl? And what are the most word frequency in course book?” The purpose of the study is to know the most frequently used course book in the junior high Scholl and to know the most word frequency in course books.

Research Method: 1) the research design in this study was corpus based study. 2) The data being analyzed was corpus of course book which collected and downloaded from several website such as: <https://annibuku.com/bse/buku-english-in-focus-kelas-8-smp-70> and <http://bse.kemdikbud.go.id> 3) the data analysis was conducted by using corpus-specialized freeware, AntConc and Tag Ant, in generate wordlist and frequency. Then, the results of the nouns were categorized according to Thomson and Martinet (1986) classification after conducted an analysis, the researcher found the result of this study.

The result findings, the result revealed noun that mostly used is common noun and abstract nouns as the second. Common noun was mostly used in course book to describe person or thing. abstract nouns was used to describe the which names anything that can not perceive trough the five physical sense of human. The conclusion of this study shows that the most nouns found from the data is common nouns.

ABSTRAK

Novia, Dea . Student Registered Number. 1723143030. 2019. *A Corpus Analysis of The Most Frequently Used Nouns in the English in Focus for Junior High School.* Skripsi. Tadris Bahasa Inggris. Kata kunci:

Salah satu kunci utama dalam belajar Bahasa Inggris adalah penguasaan kosakata lewat buku materi. Salah satu cara untuk validasi cakupan kosakata menggunakan corpus.

Rumusan masalah pada penelitian ini “ Kata benda yang sering muncul di dalam buku pelajaran ? dan frequensi kata dalam buku pelajaran ?

Metode Penelitian: 1) desain penelitian dalam penelitian ini adalah studi berbasis korpus. 2) Data yang dianalisis adalah korpus buku pelajaran yang dikumpulkan dan diunduh dari beberapa situs web seperti: americanliterature.com, <https://annibuku.com/bse/buku-english-in-focus-kelas-8-smp-70> and <http://bse.kemdikbud.go.id>. 3) analisis data dilakukan dengan menggunakan freeware khusus corpus, AntConc dan TagAnt, dalam menghasilkan daftar kata dan frekuensi. Kemudian, hasil dari kata benda dikategorikan berdasarkan klasifikasi Thomson dan Martinet (1986) Setelah melakukan analisis, peneliti menemukan hasil penelitian ini.

Hasilnya mengungkapkan kata benda yang banyak digunakan adalah kata benda umum dan kata benda abstrak atau tidak terlihat Kata benda umum sebagian besar digunakan dalam buku pelajaran untuk menggambarkan kata seorang atau sesuatu. Sementara kata sbenda tidak terlihat digunakan untuk menggambarkan kepribadian atau fitur karakter. Kesimpulan dari penelitian ini menunjukkan bahwa katabenda yang paling banyak ditemukan dari data adalah kata benda umum.
