ABSTRACT

Thesis with the title "Analysis of the Role of the Cooperative and Micro Business Office on Supervision of the Performance of Savings and Loans Cooperatives and Savings and Loans Units in Blitar Regency according to the Sharia Perspective" written by Winda Sintya Wulandari, NIM. 17402163139 supervisor Dr. Sutopo, M.Pd.

This research is motivated by the important role of cooperatives to foster and develop the people's economic potential, while the number of cooperatives that are not active in Blitar Regency is more than the active cooperatives. So that the role of the Office of Cooperatives and Micro Enterprises is very important to supervise and provide direction or guidance to cooperatives in the regions.

This study aims to: 1) Analyze the role of the Blitar Regency Cooperative and Micro Business Office in monitoring the performance of Savings and Loans Cooperatives and Savings and Loans Units in Blitar Regency 2) Analyze are the problems and solutions of the District Cooperatives and Micro Enterprises Office in monitoring the performance of Savings and Loans Cooperatives and Savings and Loans Units in Blitar Regency 3) Analyze the sharia perspective on the supervision of the Cooperatives and Micro Businesses Office on the performance of Savings and Loans Cooperatives and Savings and Loans Units in Blitar Regency according to the sharia perspective.

This research uses a qualitative approach with the type of case study research. The data used in this study are primary and secondary data. The data collection techniques used are observation, interview, and documentation methods conducted at the Office of Cooperatives and Micro Businesses in Blitar Regency. The analysis process was carried out by collecting data, data reduction, data presentation and verification.

The results of the research, found that: 1) the supervision of the Cooperative Office is active and passive; routine and from time to time; as well as being preventive and repressive. The role of the Blitar Cooperative and Micro Business Office in monitoring the performance of the SLC and SLU includes control of all aspects of the cooperative such as current financial reports, RAT reports, cooperative health assessments, member development, and SHU development. 2) Constraints in supervision, namely managerial members and the use of the financial report application system that are not yet maximized become obstacles to supervision. The solution is to visit and provide consultation and guidance to SLC and SLU. 3) The Blitar Regency Cooperative and Micro Business Office has implemented sharia principles in monitoring the performance of the SLC and SLU in Blitar Regency, namely: having a transparent, fair, partnership and universal character that is in accordance with sharia and involves the principles of kinship and deliberation in the supervisory process. SLC and SLU will honestly report all aspects that happen to the cooperative.
