

## CHAPTER V

### CONCLUSION AND SUGGESTION

#### A. Conclusion

After analyzed the movie and getting the result, the researcher found several types of educational value. The data were classified into various types of educational value and describe how the data presented in the movie, based on Hymes. The types of educational value divided into two types, value of being and value of giving. Value of being consist of honest, brave, self confidence, and sacrifice. Meanwhile, value of giving consists of love, respect, loyal, kind and friendly, and not selfish. As the result, in types of educational value in the movie, we can find some examples of dialogue shown educational values found in *The Finding Nemo* movie.

The value can be presented in educational value depend on people itself how they define it. We have to know that there are 12 data which had been found by the researcher, they are honest, brave, self confidence, sacrifice, love, respect, loyal, kind and friendly, and not selfish. There are honesty, love, and respect that showed 2 times in the movie. While the lower type was brave, self confidence, sacrifice, loyal, kind and friendly, and not selfish. that only appear 1 time in the movie.

## **B. Suggestion**

Based on the result of the research and considering the previous conclusion, the researcher would like to provide some suggestions. The suggestion is pointed as follows:

### 1. The readers

The readers who want to obtain knowledge about educational values in the utterance of someone especially the utterance of characters in the movie, the researcher hope that this research can help the readers in finding the answer which come to their mind. The researcher thinks that learning new language is important to face the modern era. There are many media that can be used to improve our ability in learning new languages. One of them is a movie. Movie can be used as a medium of learning language because movie is not only interesting but also contains many messages and educational values.

### 2. The next researcher

For the next researcher who wants to conduct about educational movie which is happened on the utterance of someone especially in the movie, the researcher hopes that this research can be useful as the reference. It is be better, if the next researcher can do the research in other media.

### 3. To the English teacher

As the result of this research, the researcher gives suggestion for the English teacher that movie can be use as a media in teaching learning process and it also help students to increase their vocabulary by watching movie.
