

CHAPTER VI

CONCLUSION AND SUGGESTION

This chapter presents the conclusion and suggestion dealing with the finding and discussion as presented in the previous chapter of the research.

A. Conclusion

Based on the research that has been done it can be concluded that English club at SMAN 1 Gondang Tulungagung can improve students' English ability, especially speaking. By conducting many kinds of speaking activities, the students have more practice in speaking. Moreover, the teacher used appropriate methods in teaching. Furthermore, to decrease students' less confidence in speaking English, the teacher as a tutor creates a comfortable learning atmosphere so that students are calmer and enjoy learning English. The implication of this conclusion is that the activities in English clubs can be used by teachers to develop the activities of learning English in regular class.

B. Suggestions

From the research, the researcher recommended some suggestions

1. For the Teacher

It is recommended to apply some of the activities in English clubs to develop or support the learning activities in the regular class.. In addition, the teacher is suggested to make the activities more interesting

in order to make the student enjoy and be comfortably practicing their speaking skill.

2. For the Students

For the students, it is recommended to join English extracurricular club. Because it was proved that by joining English club, the students' speaking ability was improved through practice in many kinds of speaking activities. Furthermore, the learning atmosphere was comfortable. So that the students are calmer and enjoy learning English.

3. Other Researchers

The other researchers who want to conduct the similar research related to the contribution of English club in SMAN 1 Gondang to improving students' speaking ability, the result of this research can be used as additional reference. It is able to make the future research better.
