

## CHAPTER V

### CONCLUSION AND SUGGESTION

Based on the description of finding presented in the previous chapter, conclusion and suggestion are present in this chapter.

#### A. Conclusion

Based on the result of data analysis, some conclusions are drawn as follow:

1. The students' writing ability before being taught by using WH question is generally enough. It can be seen from the mean of total score of students is only (15.38).
2. The students' writing ability after being taught by using WH question is better than before. It is shown from the mean score of students' writing achievement is (25.38).
3. There is any significant differences score of the students' achievement in writing ability before and after being taught by using WH question. It can be concluded based on the result of data analysis. It was found that the statistical test by using T-test shown that T-test is -14.000 and the T-table is 1.782. Its mean that T-test was upper than T-table with degree freedom (df) 12 and the level significance 0.05. The conclusion is the Null Hypothesis (Ho) is rejected and the Alternative Hypothesis is accepted.

## **B. Suggestion**

The finding of the research score show that there is significance difference on the students' score before and after being taught recount text writing by using WH question. Some suggestions are addressed to the students, teachers and future writer, as follow:

### 1. For the students

By using WH question as technique in teaching writing improve achievement of students' writing ability. The students to be active in teaching writing because WH question help the students to generate their ideas. It is hoped that the students can be increase and improve their writing ability.

### 2. For the Teacher

It is suggested that the English teacher, especially in Junior High School to use WH question technique in teaching English. In addition, teacher must take teaching and learning process become easier, so the students will not get bored and sleepy.

### 3. For the future researcher

This research is not perfect yet, it is suggested to conduct further research on similar area by improving the methodology or to use it as a reference to conduct a further research related to use WH question in difference area of teaching. This research is very important because it will give some knowledge to the researcher and to know the benefit of using WH question technique in teaching English.
