Pondok Modern Gontor adalah sebuah *Pesantren* di Indonesia. Pesantren ini sangat istimewa. Pesantren menjadi terkenal karena penerapan disiplin, penekanan berat pada bahasa asing. Bahasa Inggris adalah salah satu bahasa komunikasi sehari-hari di sana. Penggunaan bahasa dilakukan sendiri oleh siswa. Bahasa adalah mahkota pondok (zarkasyi, 2016). Ibarat mahkota, bahasa merupakan lambang kehormatan dan kebanggaan di Pondok Modern Gontor. Seiring dengan berjalannya waktu, ilmu pengetahuan dan teknologi modern secara progresif mengubah dunia menjadi sebuah ‘desa global’ (Mc luhan, marshall, 1962) dan membawa orang-orang dari berbagai tempat di seluruh dunia ke dalam interaksi yang cepat. Akibatnya, banyak negara, di mana bahasa Inggris diajarkan sebagai bahasa asing, telah beralih dari metode pengajaran tradisional ke pengajaran komunikatif. Pendekatan pengajaran ini disebut Communicative Language Teaching (CLT). Namun, beberapa peneliti telah melakukan penelitian bahasa Inggris untuk komunikasi di berbagai negara, sekolah negeri dan lembaga kursus. Disini peneliti fokus pada penelitian tentang keyakinan guru bahasa Inggris tentang CLT di KMI Gontor dan penerapan CLT di KMI Gontor.

Berdasarkan kasus di atas, maka rumusan masalah penelitian yang muncul adalah bagaimana keyakinan guru bahasa Inggris tentang CLT di KMI Gontor? dan bagaimana penerapan CLT di KMI Gontor?

Studi kualitatif ini menyelidiki keyakinan guru bahasa Inggris tentang CLT di KMI Gontor dan penerapan CLT di KMI Gontor. Pendekatanya menggunakan studi kasus yang diterapkan untuk mengeksplorasi keyakinan guru tentang CLT di KMI Gontor. Lima guru bahasa Inggris dari KMI Gontor diwawancara menggunakan wawancara semi terstruktur. Studi ini membahas tentang pengajaran bahasa Inggris komunikatif dengan temuan data yang dikumpulkan dari lima wawancara mendalam satu-ke-satu dengan pengaturan yang sama.
