

## CHAPTER V

### CONCLUSION AND SUGGESTION

This chapter, the researcher would like to present the conclusion of this study and many suggestions which may useful based on the findings as follows:

#### A. Conclusion

The researcher focuses on the analysis moral values in the movie and found several conclusions from this analysis they are

First, movie can be defined as two definitions. First, movie is a thin membrane made from celluloid to put on pictures then placed in cinema. Second, movie is a medium to amusing people. Movie also can be defined as recorded moving pictures which there are have a story line, dialogue, setting, conflict and character. One of main element in making movie is the story should have a moral value. Moral value is a message in the movie and it present in either explicit or implicit when the movie is run. Moral value can give an impact for audience such as create an attitude then implementing in their daily life.

Second, moral values are classified into two groups there are value of being and value of giving. Value of being is a value within human being with are involved in their behavior and how to treat others. While value of giving is a value provided by a person to someone else. Kinds of values being are honesty, courage, peace of ability, self-

confidence and potential, self-discipline and moderation, fidelity and chastity. Meanwhile, kinds of values giving are loyalty and dependability, respect, love and affection, unselfishness and sensitivity, kindness and friendliness, and justice and mercy. In this research, the researcher chose to analyze “Searching” movie directed by Aneesh Chaganty and founds several moral values in many scenes. In this movie, the values were presented by characteristics dialogue and from an act.

## **B. Suggestions**

The researcher realized that this research is far from a perfect. Mistakes and weakness still occur in many aspects such as methods, analyses and interpreting the data. Positive criticism still needed for researcher to make next study is better. The researcher would like to give many suggestions as follow:

### **1. For readers**

This movie is a good recommendation for audiences. The audiences could learn many things from this movie such as the use powerful social media. Social media has many function, not only for entertainment medium but it can help us to solve problem. This movie also taught us that we must keep the relation with our closest person and more active talking each other, especially for parents-child relationship. Because

sometimes, even the parents provided all what their child need but some of them are doesn't know about child's deep characters.

2. For next researchers

For next researchers who can take this paper to reference and conduct the research on the other values that exist in the movie such as moral value, educational value, social value, etc.
