

CHAPTER V

CONCLUSION AND SUGGESTION

A. Conclusion

After analyzing and get getting the result, the researcher found several characterizations of four Pevensie siblings which Peter Pevensie, Susan Pevensie, Edmund Pevensie and Lucy Pevensie in The Chronicles of Narnia: Prince Caspian movie. The researcher has answered the research problem in this study. The research problems are about what the characterization, the same characteristics and the different characteristics of four siblings. The researcher used Boynton's theory in analyzing characterization, same and different characteristics of four siblings in The Chronicles of Narnia: Prince Caspian movie. Based on the result of analyzing data, the researcher mentions the individual characteristics first. The oldest brother, Peter Pevensie, has grumpy, responsible, selfish, jump to conclusion, wise, friendly and brave characteristics. The oldest sister, Susan Pevensie, has uncomfortable, simple girl, hesitant, brave, gentle, responsible and loving characteristics. The youngest brother, Edmund Pevensie, has care, childish, calm, just, responsible, brave and sarcastic characteristics. The last is youngest sister, Lucy Pevensie, has clumsy, cheerful, sensitive, mature, brave and responsible characteristics.

Then, the researcher analyzed data about the same and different characteristics of four siblings. For the same characteristics, the researcher found audacious and liable. The same of these characteristics that brought them back take Narnia from the hands of Telmaines, so that Narnia can be peaceful and prosperous. Following the same characteristics, the researcher found the different characteristics of four siblings, it is except gallant and answerable.

B. Suggestion

1. For the students

The result of this study can help the students learn more about literature, especially to know how the characterization of characters in movie, also about same and different characteristics of four siblings in The Chronicles of Narnia: Prince Caspian movie. The researcher hopes the students can distinguish good and bad characteristics so that the students can imitate good characteristics in real life so that become good person. The students can understand themselves and others by not judging someone from one side. Besides that, it can also improve in English skills such as speaking, reading, listening and writing.

2. For the teachers

This study can used as motivation so that the students English skills can develop, be enthusiastic about learning literature and make the students understand what should be emulated or not.

3. For other researchers

The researcher hopes this study can be a reference related to literature or, especially about the characterizations of characters in movie.
