

CHAPTER VI

CONCLUSION AND SUGGESTION

This chapter presents the conclusion of the study and suggestion. Conclusion summarizes the result of the research based on the research problem. So, it summarizes about speaking activities applied in Islamic Boarding School of Anwarul Haromain briefly. While suggestion is the researcher recommendation based on the result of the research for having better result in teaching and learning speaking.

A. Conclusion

Based on the result of the study, the researcher concludes that: There are many programs and activities applied at the Islamic Boarding School of Anwarul Haromain in improving students speaking skill and student problems.

The teaching and learning speaking are conducted in the following practices is Material, Activities, Media, and Evaluation. To support the process of teaching and learning, the teacher provides setting activities. There activities are; daily activities, weekly activities, and monthly activities. The daily activities such as; English day, vocabulary class, conversation class, and grammar class. The weekly activities such as;

drilling vocabulary and debate. The monthly activities such as; pentas seni santri or language contest. The student problems are the grammar and knowledge vocabulary, and Understanding other speech.

B. Suggestion

The researcher gives some suggestion according to the result of the study about speaking activities as follow:

1. For Teacher

For English teacher, they should be creative to provide speaking activities both in the classroom and the result of teaching and learning English will be very good and student's ability will be improved.

2. For Students

The students have to understand that speaking is important because the function of language is for important. The students should be aware to speak English outside and in the classroom to improve their speaking ability. The students have to more active in speaking classroom.

3. To other researcher

The researcher realizes that this study is far from perfectness. So that, the researcher is expect to the next researchers to prepare well before and during conducting the research and to develop the knowledge about teaching English, especially speaking.
