Dear Sir,

Thank you for the information regarding the planned publication of our paper. The reason for not replying promptly to your notification of our paper's acceptance is that we were still consulting the matters with our supervisors regarding our paper publication. This is because such publication is needed for our career assessment by the Indonesia Ministry of Research and Technology and Higher Education. One of their regulation says that to earn a credit point from a paper published internationally, the journal that publishes it must be indexed by reputable indexing organizations such as Scopus, Web of Science, EBSCO, Ulrich, Index Copernicus, and so on. As you said in our previous conversation regarding your journal that was, at that time, still in the "Evaluation Pending" status for the year 2018, we are actually waiting for the good news until it comes up. Thank God the result came up earlier than you predicted, although it is a little sad that the ICV of 2018 declined for some points compared to the year 2017. Anyway, good luck with the achievement.

We are planning to complete the procedural steps of having the paper published soon by signing the Transfer of Copyright form, paying the publication fee, and sending the latest/final manuscript together with the scanned image of the signed Copyright Transfer and a proof of the bank transfer. That will be done sometime this week. However, we have a suggestion for you regarding your journal, hopefully, these won't bother you. We think that it would be better if the archives of any paper published in 2019 are sent to the Index Copernicus' deposit for the coming 2019 evaluation. From the Index Copernicus' homepage, we can only find the archives of your journal up to the December 2018 issue.

Lastly, we expect you to send us the certificates of publication of our paper either in the form of **print outs** (if any and does not incur any other fee) or just a **file** (through our e-mail addresses) for our career purpose. Once again, thank you very much for accepting and publishing our paper in your journal.

Best regards,

Dr. Iffatin Nur

Dear Sir,

I have managed to do the payment for our paper publication. However, the bank only served for US Dollar currency transfer, not Indian rupees. I hope that won't become a matter for you. Enclosed are the final version of our manuscript (Word and PDF), the signed copyright transfer, and the proof of bank transfer. Please send us signed and stamped certificates of paper publication with your latest ICV (2018) from the Index Copernicus since we need them for academic activities report to our institution.

Thank you very much.

Best regards,
Dr. Iffatin Nur
