## ABSTRAK

Research "The Impact of Covid-19 on the Economic Condition of the People of Plosokandang, Kedungwaru, Tulungagung" by Itsna Riski Nur Fadilla, NIM. 12402173608, adviser Moh. Rois Abin M.Pd.I.

The research is motivated by the entry of the covid-19 virus in Indonesia and has a tremendous impact on the economy of the Indonesian people. Covid-19 poses a threat to health and life threats because of the risk of increasing cases of up to tens of thousands of people, the threat of losing income, especially for the poor and families who work in the informal sector.

Research focus include 1) What is the impact of the Covid-19 on the economic condition of the community in Plosokandang Village?, 2) What is the community strategy to maintain the economy during the COVID-19 pandemic? , 3) What is the impact of government policies in dealing with the impact of the COVID-19 pandemic?.

The objectives of this research are 1) To find out the impact of covid 19 on the economic condition of the people of Plosokandang Village. 2) To find out the community's strategy to maintain the economy during the covid-19 pandemic. 3) To find out the impact of government policies in dealing with the impact of the COVID-19 pandemic.

This research uses qualitative method with case study research type. Data collection in this study was carried out using three techniques, namely observation, interviews, and documentation. The population of this research is the head of the village of Plosokandang and the people of the village of Plosokandang. Data analysis techniques are carried out by reducing the data obtained, presenting the data, drawing conclusions. The validity of the data is done using the triangulation technique.

The results of this study indicate that COVID-19 generally has an impact on economic income. The impact felt by the community is first, the decline in the economic income of the people of Plosokandang Village. Second, the strategies implemented by the community independently are able to have a positive impact on the economy. Third, the government policies implemented can restore the economy of the Plosokandang Village community.

Keywords: the impact of covid-19, strategy, government policy.
