ABSTRACT

This thesis with the title "Application of Time Deposit Mudharabah Deposits at BMT Istiqomah Karangrejo and BMT Pahlawan Tulungagung" was written by Riska Nur Lutfi Masruroh NIM 17401163151 with supervisor Ahmad Syaichoni, M.Sy.

The research in this thesis is motivated by the phenomenon that the mudharabah time deposit is one of the sharia banking products designed as a means of saving funds for people who have more funds, from the excess funds members (customers) save with the aim of obtaining profitable profit sharing. The formulation of the problem in this study includes (1) How is the application of mudharabah time deposits at BMT Istiqomah Karangrejo Tulungagung and BMT Pahlawan Tulungagung? (2) What are the problems and solutions in implementing mudharabah time deposits at BMT Istiqomah Karangrejo and BMT Pahlawan Tulungagung? (3) How is the conformity with the DSN-MUI Fatwa on the application of mudharabah time deposits at BMT Istiqomah Karangrejo and BMT Pahlawan Tulungagung? This study uses a qualitative research method with a descriptive approach. Sources of data used are primary data and secondary data. With the method of collecting data through participant observation, in-depth interviews and documentation. To check the validity of the data, researchers used triangulation techniques.

Based on the research results obtained on the application of term savings at BMT Istiqomah Karangrejo Tulungagung and BMT Pahlawan Tulungagung, the opening of term deposits at BMT Istiqomah Karangrejo Tulungagung and BMT Pahlawan Tulungagung is very easy, namely by filling out a form and paying administrative fees with an initial balance of 1,000,000 which later members will get the profit sharing obtained from BMT profits, while the maximum limit in withdrawing the funds is in accordance with the initial agreement and maturity or the period chosen by the member and approved by BMT at the beginning, where the period and profit sharing ratio are determined by The BMT. The obstacles in the application of mudharabah time deposits at BMT Istiqomah Karangrejo Tulungagung and BMT Pahlawan Tulungagung are due to the first two factors, namely there are still many members of mudharabah time deposits at BMT Istiqomah Karangrejo Tulungagung and BMT Pahlawan Tulungagung taking their deposit funds before maturity, causing factors that are second, the BMT must reschedule or rearrange the existing schedule and because these problems often occur, BMT must impose a penalty on its members who take their deposit funds before maturity. BMT Istiqomah Karangrejo and BMT Pahlawan Tulungagung also observe and implement the DSN Fatwa- Number DSN-MUI NO: 03 / DSN-MUI / IV / 2000 regarding deposits.
