

## CHAPTER V

### CONCLUSIONS AND SUGGESTIONS

This chapter is devoted to draw some conclusions and suggestions based on the research findings and analysis presented in the preview chapter.

#### A. Conclusion

Having analyzed the data, the next step is drawing conclusions of request expression that is used in the movie entitled “The Journey of Mysterious Island 2”. Based on the findings of the data, request expression that is used in the movie entitled “The Journey of Mysterious Island 2”, were consists of five substrategies. They are: imperatives, performatives, obligation, want statement, and hint.

All of those can be concluded that, obligation request strategy is the fewest than want statement, imperatives, and performatives. Meanwhile, hint request strategy has the most of the data.

There are some reasons that are performed by the characters when they used request as an act to describe what they want from the other. For example, when one of the characters want to get some explanations from the other character. And also when they need some helps form other. The result of the research can be showed in Chapter IV from datum (1) until datum (50) with the context and analysis.

## **B. Suggestions**

Based on the result of the study, there are some suggestions that are addressed for students and future researchers who are willing to conduct a study on the same topic.

For the student who wants to conduct the study that has same topic, the study is expected can give a clear understanding in analyzing of request expression in the movie, real conversation in daily life or other source that related to the topic.

The study is hoped can be a reference for the future researchers, when they wants to conduct the study that related to the topic. Especially, in the study of request expression. And also the researcher hoped that, the next reseacher can develop the study that related to the topic.
