ABSTRAK

The thesis entitled "*Analysis of the Benefits of Using M-banking for Sharia Banking Customers (Case Study in Jati Village, Udanawu District, Blitar Regency)*," was written by Fajar Kurniawan, Student Registered Number 12401173123, Faculty of Economics and Islamic Business, Department of Islamic Banking, State Islamic Institute of Tulungagung, supervised by Dr. H. Mashudi, M. Pd. I.

This research was based on the increasingly sophisticated globalization current that is developing very rapidly, various sectors such as education, culture, communication, and the economic sector are experiencing changes. Even the banking sector is trying to improve services that are increasingly sophisticated, indicated by the emergence of *M-banking* services. The existence of *M-banking* has had a positive impact on banking where banks can save operational costs and boost market share. Customers also have benefits from *M-banking* where customers do not need to come to the banking office and can carry out banking transactions anywhere and anytime.

The formulation of the problems in writing this thesis are (1) What is the view of the Jati Village community regarding Islamic Banking *M-banking* services? (2) What is the positive impact on the community in using Islamic Banking E-Banking services?

This research is a qualitative research with a descriptive research approach. The data used in this research are primary and secondary data. Which this data is obtained from observation, interviews, and documentation.

This research shows that: (1) The view of the Jati Village community towards M-Banking-based banking services is considered good. Based on the research findings, it shows that many people have used *M-banking* services. (2) The positive impact of E-Banking services for the people of Jati Village is very significant in terms of time efficiency and economic effectiveness. There are several things that have had a positive impact, namely aspects of trust, convenience, and benefits, affecting people's views on the use of *M-banking* services in the people of Jati Village.

Keywords: *E-Banking services, Benefits, Islamic Banking, Jati Villages*
