For all speakers, can you share the presentation file with all participants?

from Rania Pika Nasution to Everyone:  
Q for Dr. Endang Wahyati: How is your response related to government policies that distinguish homecoming (MUJIB) and returning to the village, which I think its very biased and confusing our society. In other hand, we must obey the government's decision to keep remain at home, on the other hand the government are ready to face the new normal era. Thank you. (Mrs. Dr. Aulia Rosa Nasution, SH, Hum. University of Medan Area- Medan)
