

## ABSTRAK

Skripsi dengan judul “Pengelolaan Zakat Program ZCD (Zakat Community Development) (Studi Kasus pada UPZ BAZNAS Kabupaten Tulungagung di Desa Bendiljati Wetan, Kecamatan Sumbergempol)”. ini ditulis oleh Sri Rahayu, NIM. 1240419306, pembimbing Bapak Dr. H. Mashudi, M. Pd. I.

Penelitian ini dilatarbelakangi dari perkembangan program ZCD (*Zakat Community Development*) usaha binaan BAZNAS Tulungagung sudah ada tiga program zakat produktif salah satunya yaitu, budidaya ikan patin, budidaya ikan guramih, budidaya kambing. Karena keterbasan dana jadi program ini belum menyeluruh di Wilayah Tulungagung, hal ini sangat disayangkan melihat banyaknya potensi yang bisa disalurkan BAZNAS Kabupaten Tulungagung dalam mensejahterakan mustahik di Wilayah Tulungagung.

Rumusan masalah dalam penelitian ini yaitu: 1) Bagaimana pengelolaan zakat program ZCD (*zakat community development*) (studi kasus pada UPZ BAZNAS Kabupaten Tulungagung di Desa Bendeljati Wetan, Kecamatan Sumbergempol) dilakukan?. 2) Bagaimana kendala serta solusi yang dihadapi pada program ZCD (*zakat community development*) (studi kasus pada UPZ BAZNAS Kabupaten Tulungagung di Desa Bendeljati Wetan, Kecamatan Sumbergempol) dilakukan?. 3) Bagaimana pengawasan yang dilakukan oleh Badan Amil Zakat Nasional dalam manajemen pengelolaan zakat program ZCD (*zakat community development*) (studi kasus pada UPZ BAZNAS Kabupaten Tulungagung di Desa Bendeljati Wetan, Kecamatan Sumbergempol) dilakukan untuk mustahik?

Penelitian ini menggunakan penelitian kualitatif yang bersifat deskriptif, yang memperoleh datanya dengan cara observasi, wawancara, dan dokumentasi. Penelitian ini dilakukan di Badan Amil Zakat Nasional Kabupaten Tulungagung, UPZ Mushola Miftahul Huda, dan dari beberapa mustahik penerima program *Zakat Community Development*. Data yang terkumpul akan dianalisis melalui tiga tahapan yaitu reduksi data, penyajian data, kesimpulan atau verifikasi.

Hasil penelitian ini menunjukkan bahwa: 1) pengelolaan zakat program *Zakat Community Development* di BAZNAS Kabupaten Tulungagung dengan melakukan. Perencanaan dan pelaksanaan dalam melakukan survey untuk kesanggupan budidaya serta monitoring, evaluasi dan pemberian modal. Pendistribusian yang bisa berupa jasa dalam pembudidaya atau barang dari investor yang berupa pakan, dan ikan. Penghimpunan yang dikumpulkan dari suatu organisasi yang berupa uang, bahan baku, serta kebutuhan lainnya. 2) kendala yang dihadapi dalam pelaksanaannya meliputi pengembangan program *Zakat Community Developmen* di BAZNAS Kabupaten Tulungagung, kendala dalam budidaya ikan patin, dan kendala dalam harga pasar. 3) pengawasan yang dilakukan untuk mustahik yakni melakukan pengawasan, evaluasi, bimbingan, dan monitoring dalam upaya pengembangan kolam.

**Kata Kunci:** Pengelolaan Zakat, Program ZCD (*Zakat Community Development*)

## **ABSTRACT**

*Thesis with the title "Zakat Management of ZCD (Zakat Community Development) Program (Case Study on UPZ BAZNAS Tulungagung Regency in Bendiljati Wetan Village, Sumbergempol District)". Was written by Sri Rahayu, NIM. 1240419306, supervisor of Dr. H. Mashudi, M. Pd. I.*

*This research is motivated by the development of the ZCD (Zakat Community Development) program for businesses assisted by BAZNAS Tulungagung, there are already three productive zakat programs, one of which is catfish cultivation, guramih fish cultivation, goat cultivation. Due to limited funds, this program has not been comprehensive in the Tulungagung Region, this is very unfortunate considering the amount of potential that can be channeled by BAZNAS Tulungagung Regency in the welfare of mustahik in the Tulungagung Region.*

*The problem formulations in this study are: 1) How is the zakat management of the ZCD (zakat community development) program (case study on UPZ BAZNAS Tulungagung Regency in Bendeljati Wetan Village, Sumbergempol District) carried out? 2) How are the obstacles and solutions faced in the ZCD (zakat community development) program (case study at UPZ BAZNAS Tulungagung Regency in Bendeljati Wetan Village, Sumbergempol District) carried out? 3) How is the supervision carried out by the National Amil Zakat Agency in the management of the ZCD (zakat community development) program (case study on UPZ BAZNAS Tulungagung Regency in Bendeljati Wetan Village, Sumbergempol District) carried out for mustahik?*

*This research uses descriptive qualitative research, which obtains its data by means of observation, interviews, and documentation. This research was conducted at the National Amil Zakat Agency of Tulungagung Regency, UPZ Mushola Miftahul Huda, and from several mustahik recipients of the Zakat Community Development program. The collected data will be analyzed through three stages, namely data reduction, data presentation, conclusion or verification.*

*The results of this study indicate that: 1) zakat management of Zakat Community Development program in BAZNAS Tulungagung Regency by doing. Planning and implementation in conducting surveys for cultivation capabilities as well as monitoring, evaluating and providing capital. Distribution which can be in the form of services in cultivators or goods from investors in the form of feed, and fish. Collection collected from an organization in the form of money, raw materials, and other needs. 2) obstacles faced in its implementation include the development of the Zakat Community Development program at BAZNAS Tulungagung Regency, obstacles in patin fish cultivation, and constraints in market prices. 3) supervision carried out for mustahik, namely conducting supervision, evaluation, guidance, and monitoring in efforts to develop the pond.*
