

ABSTRAK

Skripsi dengan judul “Pengaruh Modal Minimal, Pengetahuan Investasi, dan Motivasi Terhadap Minat Berinvestasi Pada Rumah Tangga Muslim di Kecamatan Kedungwaru Kabupaten Tulungagung” yang ditulis oleh Kiky Lestari, program studi Manajemen Keuangan Syariah, NIM. 12406193270, Pembimbing Citra Mulya Sari, S.E.Sy., M.E.

Penelitian ini dilatarbelakangi oleh rumah tangga muslim di Kecamatan Kedungwaru Kabupaten Tulungagung. Salah satu faktor yang mempengaruhi rumah tangga dalam berinvestasi adalah motivasi. Namun pada kenyataannya, meskipun rumah tangga tersebut telah memiliki rekening efek atau rekening investasi dan juga telah melakukan transaksi jual beli seperti membeli saham, mereka tidak sepenuhnya mendalami mengenai investasi tersebut, rata-rata mereka hanya melakukan transaksi sebanyak 2 (dua) kali dan tidak terus memantau saham yang telah dibeli tersebut. Hal ini dikarenakan motivasi atau semangat investasi pada rumah tangga masih rendah. Mereka hanya semangat di awalnya saja namun semangat itu hilang ketika mereka sudah mempraktikkannya.

Tujuan dalam penelitian ini adalah: 1) menguji pengaruh simultan modal minimal, pengetahuan investasi, dan motivasi terhadap minat berinvestasi rumah tangga muslim di Kecamatan Kedungwaru Kabupaten Tulungagung, 2) menguji pengaruh modal minimal investasi terhadap minat berinvestasi rumah tangga muslim di Kecamatan Kedungwaru Kabupaten Tulungagung, 3) menguji pengaruh pengetahuan investasi terhadap minat berinvestasi rumah tangga muslim di Kecamatan Kedungwaru Kabupaten Tulungagung, 4) menguji pengaruh motivasi terhadap minat berinvestasi rumah tangga muslim di Kecamatan Kedungwaru Kabupaten Tulungagung.

Pendekatan penelitian ini menggunakan pendekatan kuantitatif dengan jenis penelitian asosiatif. Populasi dalam penelitian ini adalah desa di Kecamatan Kedungwaru khususnya desa yang letak daerahnya berada di sekitar kampus UIN Sayyid Ali Rahmatullah Tulungagung. dan teknik sampling dalam penelitian ini adalah *probability sampling*. Dalam menentukan jumlah sampel menggunakan rumus slovin sehingga sampel diperoleh sebanyak 100 sampel. Teknik analisis data menggunakan model regresi linier berganda dengan bantuan program SPSS versi 26.0.

Hasil dari penelitian menunjukkan bahwa 1) variabel modal minimal, pengetahuan investasi, dan motivasi secara simultan atau bersama-sama berpengaruh positif signifikan terhadap minat berinvestasi rumah tangga muslim di Kecamatan Kedungwaru Kabupaten Tulungagung, 2) modal minimal secara parsial tidak berpengaruh signifikan terhadap minat berinvestasi rumah tangga muslim di Kecamatan Kedungwaru Kabupaten Tulungagung, 3) pengetahuan investasi secara parsial berpengaruh positif signifikan terhadap minat berinvestasi rumah tangga muslim di Kecamatan Kedungwaru Kabupaten Tulungagung, 4) motivasi secara parsial berpengaruh positif signifikan terhadap minat berinvestasi rumah tangga muslim di Kecamatan Kedungwaru Kabupaten Tulungagung.

Kata Kunci : Modal Minimal, Pengetahuan Investasi, Motivasi, Minat Investasi

ABSTRACT

Thesis with the title "The Influence of Minimum Capital, Investment Knowledge, and Motivation on Interest in Investing in Muslim Households in Kedungwaru District, Tulungagung Regency" written by Kiky Lestari, Islamic Financial Management study program, NIM. 12406193270, Advisor for Citra Mulya Sari, M.E.

This research is motivated by Muslim households in Kedungwaru District, Tulungagung Regency. One of the factors that influence households in investing is motivation. However, in reality, even though these households already have securities or investment accounts and have also made buying and selling transactions such as buying shares, they do not fully understand these investments, on average they only make transactions 2 (two) times and do not continue to do so. Monitor the shares that have been purchased. This is because the motivation or enthusiasm for investing in households is still low. They are only enthusiastic at first, but the enthusiasm disappears when they practice it.

The purpose of this research is: 1) test the minimum capital, investment knowledge, and motivation simultaneously influence the investment intention of Muslim households in Kedungwaru District, Tulungagung Regency, 2) test the minimum investment capital affect the investment intention of Muslim households in Kedungwaru District, Regency Tulungagung, 3) test investment knowledge affect the intention to invest in Muslim households in Kedungwaru District, Tulungagung Regency, 4) test motivation affect the investment intention of Muslim households in Kedungwaru District, Tulungagung Regency.

This research approach uses a quantitative approach to the type of associative research. The population in this study were villages in Kedungwaru District, especially villages located around the UIN Sayyid Ali Rahmatullah Tulungagung campus. and the sampling technique in this study is probability sampling with purposive sampling. In determining the number of samples using the slovin formula so that the sample obtained as many as 100 samples. The data analysis technique uses multiple linear regression models with the help of the SPSS program version 26.0.

The results of the study show that 1) the variables of minimum capital, investment knowledge, and motivation simultaneously or jointly have a positive significant effect on the intention to invest in Muslim households in Kedungwaru District, Tulungagung Regency, 2) minimal capital partially has no significant effect on interest investing in Muslim households in Kedungwaru District, Tulungagung Regency, 3) investment knowledge partially has a positive significant effect on the intention to invest in Muslim households in Kedungwaru District, Tulungagung Regency, 4) motivation partially has a positive significant effect on the investment intention of Muslim households in Kedungwaru District Tulungagung Regency.
