

CHAPTER V

CONCLUSION AND SUGGESTION

This chapter provides the presented of conclusion and suggestion on the implementation on the implementation of summarizing technique in improving reading comprehension on narrative text.

A. Conclusion

Based on the result of research finding and discussions, it is concluded that the students reading comprehension in narrative text on the class could be improved by using summarizing technique. The teaching and learning was done at four meeting for one cycle. The researcher did preparations, discussion and evaluating well during teaching and learning. This strategy can improve the students in reading comprehension. In applying summarizing technique to improve the students reading comprehension in narrative text, were requires to do and get involved actively of summarizing technique. This strategy applied in Classroom Action Research. On classroom action research, researcher used some steps. The first, researcher explained about the summarizing technique until all of students understand about this technique.

Then researcher gave students a paper that contained with a task. Then researcher explained about them task. Then after all of students was finished their task, the researcher was brought the score by their task. The

criteria success for teaching and for the students indicated in the form the reading post-test. The criteria of success used in this study are aspect:

- 1) Students can identify generic structure
- 2) Students can make short summary about that story using their own word.
- 3) 75% of the students score of reading and make summary test was at least upper 75 SKM.
- 4) Answer the question.

The students of X-B Madrasah AliyahLangkapanSrengat could improve their reading comprehension narrative test and students did not boring following the activities. So, summarizing technique was good for improving the reading comprehension in narrative text.

B. Suggestion

Based on the research findings and discussion, the following suggestion addressed to the teacher, the students and the future researcher are presented:

1. To the English teachers

Summarizing technique could improve students reading comprehension in narrative text. It is recommended that English teacher implement such technique in the English class by applying summarizing technique.

2. To the students

Summarizing technique in this study is good idea for the students to improve their reading comprehension in narrative text. Do not ever feel boring to learn and study English. Do not to be shy to practice. Do not afraid to ask repetition or more explanation about the material given by the teacher if you still do not understand well. Much read English book and makes note for the difficult word and then find the meaning in the dictionary, it can add your vocabularies.

3. To the next researchers

This study deal only use of letter replacement of summarizing technique in improving students reading comprehension in narrative text.
