

CHAPTER V

CONCLUSION AND SUGGESTION

This chapter presents the conclusions drawn from the findings and suggestions.

A. Conclusion

Based on the result of research finding and discussion, the researcher concluded that the students' writing ability and their involvement in the class could be improved by using Narrative comic strips. This improvement was showed from the students' test result from preliminary study to cycle one, and cycle one to cycle two. Their progress was not only can be seen from their writing score, it also can be seen from their motivations during the process of teaching and learning.

Based on student's response, they were interested during teaching and learning process is writing by using narrative comic strips. It made the students enjoy and comfort to study english. It also helped the students more active and creative to increase their imagination, so they could write the narrative story enjoy and essaly.

The Procedure of improving student's writing by using Narrative comic strips consisted of:

- a) The researcher had preparation before conducting the research such as: preparing the lesson plan, media, strategy, and another instruments.
- b) The researcher introduced the lesson plan to the students before guiding them in order they had imagination or view what they would do and get the benefit during the implementation of narratve comic strips.
- c) The researcher always supported them by giving motivation and sugestion before and after they did the teaching and learning, in order they more spirit and enthusiastic in learning english especially in writing skill.

- d) The researcher helped by the observer as the collaborator teacher when teaching and learning in the class. The observer also observed the student's activities during the teaching and learning process.
- e) The teacher sometimes observed and monitored the student's activities during the lesson to make sure that they were following the researcher's instructions.
- f) By using narrative comic strips, could improve the students ability in writing. And narrative comic strips also make the students more antuciace and easily to leraning writing because there are any picture.
- g) For the test, the researcher used a picture in narrative comic strips to measure the students progress. It can be seen from their score from preliminary test, cycle 1 and cycle 2. Because their score improved significantly.

B. Suggestion

Based on the conclusion above, the researcher would like to give some suggestions to improve the studens' writing ability by using Narrative comic strips. The suggestions showed as follows:

First, the researcher would like to give the suggestion forthe teacher. Narrative comic strips was recommended to use in teaching and learning process. Because, comic strips was effective to solve the students problem in writing story of narrative comic strips was also effective tomake the students do not feel bored in the class.

For the second suggestions, it is suggessted for English students to use picture a narrative comic strips not just for writing, also for reading or speaking. This is because narrative comic strips is suitable for the students in junior

highschool. Beside of that narrative comic strips was simple and easy to apply by the students.

Finally, the last suggestion is intended for the next researcher. They are suggested to do some follow up research by using Narrative comic strips. This research study can be used as reference. The next researcher should find the weakness and the strength of this research. So that they could conduct the better research and could find out more advantage of Narrative comic strips.
