ABSTRACT

The thesis with the title "The Influence of Financial Performance on Share Prices in Banking Sub-Sector Companies Listed on the Indonesia Stock Exchange (BEI) for the 2019-2022 Period" was written by Priscilia Nofitasari, NIM 126406201009, Sharia Financial Management Study Program, Department of Business and Management, Faculty of Islamic Economics and Business, Sayyid Ali Rahmatullah State Islamic University Tulungagung with supervising lecturer Mrs. Mega Tunjung Hapsari, M.A.P.

The price of shares is the market value of securities determined in the capital market for a period based on the last official exchange rate for the period. This price can change at any time while the shares are still listed on the secondary market. Benchmarks for a country's economic progress can be known from the capital market elements, one of which is investment activities in banking. When investing, of course investors consider several ratios and share prices. This research aims to (1) test the effect of Return On Assets, Return On Equity, and Net Interest Margin on stock prices, (2) test the effect of Return On Assets on stock prices (3) test the effect of Return On Equity on stock prices (4) testing the effect of Net Interest Margin on stock prices.

This research uses a quantitative approach with an associative type of research. The data used is secondary data in the form of banking company financial reports starting from the 2019-2022 period. The data analysis technique used is panel data regression analysis. The samples taken were quarterly financial reports from four banking companies for the 4 year period 2019-2022 with a total of 80 samples.

The research results show (1) simultaneously Return On Assets (ROA), Return On Equity (ROE), and Net Interest Margin (NIM) have a significant effect on stock prices, (2) Return On Assets (ROA) have a positive but not significant effect on stock prices, (3) Return On Equity (ROE) has a negative and insignificant effect on stock prices, (4) Net Interest Margin (NIM) has a positive and significant effect on stock prices.

Keywords: *Share Price, Return On Assets (ROA), Return On Equity (ROE), Net Interest Margin (NIM).*
