

## CHAPTER V

### DISCUSSION

In this chapter the researcher would like to interpret his research findings. He tried to interpret the result of interview about the profile of good English young learner teacher.

#### **Good English teacher**

Good English it means is professional English teacher. The professional teacher has four competence, pedagogic competence, social competence, personal competence and professional competence.

##### 1. Pedagogic competence

From findings of the research pedagogic competence is teacher must have ability to, Prepared lesson plan, Deliver learning object or material, Use media to support teaching learning process, Can make students interest to material who they teach, Get students active to ask, Give more attention to students with learning difficultness, Give evaluation after deliver the material, Doing remedial when the evaluation result not satisfactory, Can restore students concentration when students get tired of the lesson, Can handle a rowdy student during teaching learning process and, Give reward to students who have highest score in class.

The findings confirms Mulyasa`s (2002:75) statement that, pedagogic competence is the ability to manage learning which involves

the ability to understand the learner, planning and implementing, evaluating, and developing the learner.

## 2. Social competence

From finding of the research social competence is teacher must have good ability to, communicate with parents, communicate with English teacher from other school, communication with head master, communication with other teacher in school, communication with staff and employers in school, and close with students in school or outside of school.

Mulyasa (2002:173) states, social competence means the ability of teacher as part of society to communicate effectively with the learners, the other teachers, parents and school environment. The findings confirm Scott and Lisabeth's (2010:10) explanation, students like to teacher who close and respect to them.

## 3. Personal competence.

From finding of the research personal competence is, teacher must can control emotional in school, Can evaluation their self during teaching learning process, Have a good personality and, can be a role model by students.

Mulyasa (2002:117) reveals that personal competence is the personal ability which is mature, steady consistent, and wise, have good behavior and can be a model for the students.

#### 4. Professional competence

From finding of the research professional competence is, Teachers who have graduated from college and got a diploma certificates, can be said they already have provisions and the ability to teach in class. In the process they have done the practice of teaching and getting certificate after practice. Not only that they are also able to master a variety of media that support the learning and materials they will teach.

Mulyasa (2002:135) reveals the scope of professional competence is understand and be able apply the base of education, theory of learning based on the grade of learner, method in learning, be able to develop and use the relevant equipment, media and source of learning, be able to organized and implemented learning program, and apply the evaluation.
