

## CHAPTER VI

### CONCLUSSION AND SUGGESTION

This chapter presents the conclusion and the suggestion about the research. The conclusion summarizes the result of the discussion based on the research problem. So, it summarizes about the types of language style, the reason of the teacher using these language style, and the students' response towards language style used by the English teacher. While, in the suggestion contains of the researcher's recommendation based on the result of the research for having better result in phenomena of language style in teaching and learning English.

#### A. Conclusion

Based on the result of the research in discussion before, the researcher concludes that:

1. The first research problem is to know the types of language style used by the English teacher in teaching and learning English.

The researcher found some types of language style used by the teacher, to answer this research question the researcher used observation and interview as the technique of collecting data. The researcher found 4 types of language style used by the teacher in teaching and learning English. They are formal style, consultative style, casual style and intimate

style. Mostly the teacher used casual style. The researcher did not find the Frozen style in the process of teaching and learning English in the class.

2. The second research problem is to answer the research question of the teacher's reason used these language style.

The teacher's reason of using formal language style is in order to give students information and greet the students in small group. The teacher used consultative language style is in order to inform the students about certain topic that will be discussed. The teacher used casual language style in order to make the students easy to understand about the material and also to avoid teaching and learning process became monotonous. While the reason of using intimate language style is to make the students closer with him.

## **B. Suggestion**

Based on the result of the research, the researcher would like to give some suggestions as consideration, they are:

1. Suggestion for students

The students should know about the teacher's language style. so that the students will be easy to understand about the teacher's explanation.

2. Suggestion for the teacher

As a teacher it is very important to master the language and use language appropriately. By knowing the language style it helps the teacher to choose which language style is appropriate used in each grade or level, certain topic. So, the teaching and learning process will run well.

### 3. Suggestion for the future researcher

This research is also benefit to the future researcher. It can be as reference or previous study for next research that related with language style.
