

## CHAPTER V

### CONCLUSION AND SUGGESTION

This chapter presents the conclusion of the research and the suggestions. The suggestions are given to the students, the English teacher, and the other researchers.

#### **A. Conclusion**

After all of the data were analyzed accurately based on the research, now the researcher could draw some conclusions. The statements of the problem was do students who achieve better speaking after being taught using strip-story technique. Based on the research, the teaching and learning process student's mastery on speaking ability became more effective or not. The students got motivated to learn English, so that they could memorize the English words easier. The researcher can conclude that teaching speaking also able to used strip-story. Based on the research analysis as explained above, the researcher concluded that there is any significant difference in the students' speaking ability in speaking before and after being taught by using strip-story of tenth grade student at SMAN 1 Rejotangan Tulungagung. The technique is effective if  $t_{\text{count}} > t_{\text{table}}$ , based on the result ( $t_{\text{count}}$ ) 7.218, while the  $t_{\text{table}}$  for  $\alpha = 5\%$  with  $N = 25$  obtained 1.697. It means  $t_{\text{count}} > t_{\text{table}}$  in other words ( $H_a$ ) is accepted and ( $H_o$ ) is rejected. It meant that there is different score of the tenth grade students of SMA N 1 Rejotangan before and after being taught by using strip-story. The difference is significant.

## **B. Suggestion**

Theoretically, it used to practice the speak knowledge in field of the research. Practically, the finding of the presents study is expected to give some scientific contributions for the English teachers, and the other researcher. The research is expected to give useful contributions as follows:

### **1. For students**

By using strip-story will help students to increase their speaking to engage students speaking achievement. This study is able to give motivation to students in practicing more than they did before, students can make their interest and they are more enthusiastic in learning speaking using strip-story. Motivation had important thing to enhance student's achievement.

### **2. For Teachers**

The teacher can use the result of this study as a reference when they want to improve their students speaking ability and get more various methods in teaching speaking. It is needed to be given to assist the students in producing speaking. This technique can be an effective way for the class to stay focused and keep together. So, the students will get better achievement.

### **3. Future Researchers**

The result of this research is expected to give reference to future

researchers who wants to conduct the research using strip-story.
