

CHAPTER VI

CONCLUSION AND SUGGESTION

This chapter presents the conclusions deal with the result of the study. It also propose some suggestion for teachers and readers on teaching and learning of grammar or writing in order to improve the students' mastery on English

6.1 Conclusion

Depend on the research and discussion, the conclusions of this study are show below;

1. Some types of spatial deixis used in the Jurassic Park movie script, are: spatial deixis: here, this, a, there, the, Costa Rica, in, Jurassic Park, on, home, mainland, headquarter, inside, left, at. Type of 'Here' (10 times). The next are 'There' (7 times), and 'In' also (7 times), 'This' (3 times) ,and 'the' also (3 times). The following are 'a' (2 times), 'On' (2 times), and also 'headquarter' (2 times). The last are 'Costa Rica', 'Jurassic Park', 'maindland', 'inside', 'left', 'at', that each of them are used once.
2. Some types of temporal deixis used in the Jurassic Park movie script are: now, before, for, about, whole, always, already, last. 'now' (5 times). The next are 'before', 'for', 'about', 'whole', 'always', 'already', and 'last' that each of them are used once.

3. Deixis not only found in direct communication but also in written media. Spatial and temporal deixis became an important part in utterances, as a part in sharing the speakers' or writers' intuition. Without understanding spatial and temporal deixis, listeners or readers will be confused in interpreting some informations from the utterances. Especially in interpreting informations that included place and time of the utterances.

6.1 Suggestion

Based on this findings of study, it is suggested for the teacher to take the examples from this research to describe about deixis to their learners. Meanwhile, for the English students, this research could help the English students in understanding utterances deeply to get the implicit informations. Moreover, for the future researchers, the result of this study can be used as a reference to conduct a further study about deixis in different text or movie script. Finally, for the readers who are interested in English, the result of this study are expected to be useful to increase their knowledge about spatial deixis (place deixis) and temporal deixis (time deixis) area.
