

## CHAPTER VI

### CONCLUSIONS AND SUGGESTION

In this chapter, the researcher wants to presents the conclusion of this study that has been discussed in previous chapter. The researcher also wants to give the suggestion for the principal, the teacher, and the students.

#### A. Conclusions

Based on the result of this research, it can be concluded as follows:

1. English extracurricular at MTsN Aryojeding implemented many activities to the students. The activities that were implemented such as games, describing, role play, English camp, question answer and storytelling.
2. Students' motivation in English extracurricular came from intrinsic and extrinsic. Intrinsic motivation was influenced by the students' need of extracurricular to develop their interest. And the extrinsic motivation was influenced with the extracurricular handled by native speaker.
3. Students' contribution in extracurricular activities held significant role. The students contributed in the activities like joining in organization of extracurricular, involving the activites implemented, and giving the ideas or opinion to the teacher.

## **B. Suggestion**

Based on the result of the research, the researcher would like to offer some suggestions to enhanced English extracurricular activities. The suggestions are:

1. The students should be more active in following English extracurricular in order to develop their interest and to add their insight.
2. The students can be more discipline when joining in English extracurricular.
3. The teacher must always give support and opportunity to the students of English extracurricular in order that the students are more enthusiastic.
4. The teacher can develop their method. Because the creative and innovative method will create the spirit of students so that the students can be avoided from saturation.
5. The principal must support, keep and give the facility in order that the extracurricular can run well.
